DAILY SENTINEL.

WM. E. PELL, PROPRIETOR.

From N. Y. Herald.

RECONSTRUCTION BY THE NEGRO —A WAR OF RACES.

We are courting the fate of Hayti and Jamaica; for like elements, governed by the same general forces, produce like results. This rule of nature is as irrevocable as the law of mineral crystallization. There is, however, a certain radical power in the United States that is ever willing to dispute a fiat of nature, provided it encroaches upon its pet theories. One of these pet theories is the superiority of the negro race over the white. That such is the real basis of radical negroism is very evident. Were it not so, why do they exalt the negro up the tree of liberty instead of allowing him to climb it himself, as the white man has been forced to do? It is with the greatest difficulty that the most intelligent of our people can govern themselves. If it be conceded that four millions of uneducated negroes, with brains undeveloped and even sterile, are capable of self government, then it must also be acknowledged that if the balance of the nation were of the same material it would make no difference to our republicanism, which would also be to grant that Hayti is a republican Utopia. If, however, it is argued that the intelligent white population is the salvation of our republicanism, and that we can still exist under a bad admixture of one eighth African, it is a concession that we, to a certain extent, vitiate the nation and voluntarily recede in civilization and the perfection of government which we seek. We submit the question, then, Is it statesmanship in any century, much more in this, to go backwards?

As we are directed now by the radical element, we photograph upon our present institutions and on future history at least one third of the picture of Hayti. In that unfortunate country we have had nothing but a war of races since its discovery by Columbus. From the negro Emperor Jacques I, in 1804, to the present ruler, Salnave, the Haytien part of the island has presented even a worse condition than that which is presented in the long years of wholesale Spanish murders which made its horrors a proverb. How rapidly the country marches to the primitive barbarism which is the delight of the negro race is best shown by the value of the exports just previous to the accession of Jacques I., compared with those of to-day. At that time they reached the large figure of $27,828,000. To-day they are scarcely $8,000,000.

But if Hayti exhibits a sorry argument for negro domination, what does Jamaica show. Since the Island was given up to negro rule its march has been rapid from bad to worse, until to day one of the finest and formerly one of the most productive of all the West India group lies but a wreck in negro hands. All this has taken place in thirty-four years, notwithstanding the efforts of the English government to prevent it. And how of Liberia? Large sums of money, Christian and missionary effort unlimited, have been used to little advantage. The negro there, forced into a hot-house growth and kept upon the plus side of civilization by constant white effort, is still far down in the scale. He often runs eastward to his native barbarism, and, is only kept inside the bounds of the colony by large contributions to his welfare. We dismiss Liberia as a mammoth negro poor-house.

But Liberia is nothing to the negro poor-house we are establishing in the whole Southern half of the United States. We go into this negro asylum business as we go into everything else in America. We set the whole Northern half of the nation to earning money to maintain the negro. We make huge appropriations for the benefit of the negro. We bury all material progress to embody all our ideas in the progress of the negro. We take no time to legislate upon our ruined commerce, for we are occupying every moment for the negro. We approach a financial panic, but *try* to hide it by holding before it the negro. We reconstruct the South, not for the common benefit of white and black relative to the whole nation, but entirely for the negro.—The radicals go so far that—*vide* Ben Wade—they say that we may have a war of caste, and even hound on the negro. We have gone negro mad; and the madness threatens to wind up by a war of races which, when it comes, will sweep the negro out of existence. The nation is not powerful enough, with all its vigor, to stand under this negro load. We must shake it off, or down we go to the level of Hayti, San Domingo and Jamaica.

A PENNSYLVANIA DEMOCRAT'S PROGRAMME.

Judge Woodward, who, in his absence in Europe, was nominated and elected to Congress by the Democrats of the Twelfth Congressional District of Pennsylvania, was, on his recent return, welcomed home by his political friends, to whom he made an address, in which he thus stated the policy he intends to pursue:

"The restoration of the dissevered States to their places in the Federal Union—the committing suffrage, and all other local and domestic questions which the Constitution does not expressly control, to the free and unconstrained action of the several States—the strict subordination of the military to the civil power of the country—the admission into the two houses of Congress of such loyal white representatives as the States may send by a due exercise of suffrage, uncontrolled by federal bayonets—the restoration to the people of their constitutional currency of gold and silver at the earliest day the business of the country will bear it—the adjustment of all our revenue laws upon such a basis that public credit may be strengthened, revenue increased, and taxation lightened—the revival of trade, industry and commerce throughout our whole country, and to this end the cultivation of a spirit of amity and concord between the States and the people of the States.

This wide continent cannot be governed by a military despotism which tramples upon the rights of white men in the interest of the negro race. The founders meant no result so preposterous—posterity will never pardon us for prostituting our institutions to such unworthy ends. The negro is an object of our kindest sympathies and should be protected in all his natural and civil rights, but let him never be set up to rule over the white man. Since the days of Ham he has proved himself unfit for this, and it is madness, the madness of Bedlam, to attempt it in a country like ours. But if the States can be left to the enjoyment and exercise of their just rights, protected and fostered, but not oppressed, by the federal government, the whole continent we inhabit will not prove too wide a theatre for the development of the principles of American liberty, and the imagination of men cannot set bounds to the social happiness and material prosperity of our people."

THE PRESIDENTIAL ELECTION.

If all the Southern States are admitted, the full electoral vote will be 317; absolute majority required, 159.

Revolutions never go backward, and the present one will progress steadily, bringing in under the Conservative banner other States, and confirming by increased majorities those that have already cut adrift from Radical rule.

No one, it is to be presumed, will deny that the following States are absolutely and hopelessly lost to the Radicals for the next Presidential contest, viz: California, Connecticut, Delaware, Kentucky, Maryland, New Jersey, Pennsylvania, New York, and Ohio. They poll 119 votes, leaving 40 to insure an absolute majority. With present prospects, can there can be any doubt but that they can be readily obtained? Indiana and Illinois give twenty nine votes. Will not both of these States wheel into line? When we see in one year a change of 48,000 in the Radical majority in Massachusetts, may we not even hope for that fossil State and still more so for New Hampshire and Maine? Then there are several of the North Western States who undoubtedly will cut loose from Radical rule within the coming year, and it will be impossible, with all their hardihood of action and defiance of the Constitution, for the extremists to negroize all the Southern States, so that some of them will not undoubtedly vote for the Conservative candidate. Though it will take some time to reform the Senate, the Radical rule will be destroyed in the next House, and all power for further mischief taken from them. Let us then be thankful for the bright skies above. We have an abiding conviction that the Republic is saved.—*Nat. Intel.*

EXPECTED RADICAL LEGISLATION.—The country is looking with more anxiety than hope to Congress for relief from the miserable condition into which it has been brought by Radical misrule for the last two or three years. Congress, it is feared, will be more intent upon promoting party interests than the public good. Though their policy has been repudiated by the people at the polls, they will, no doubt, persist in it as far as practicable. They cannot find a two-thirds majority to sustain the Stevens-Sumner project for imposing suffrage laws upon all the States, but they will attempt to come as near to it as they can, by a law establishing universal suffrage in elections for Congress and for Presidential electors. In this way they expect to involve and destroy the constitutional rights of the States to regulate suffrage.

For the excluded and proscribed Southern States they will prepare no relief. They will undoubtedly adhere inflexibly to their scheme of military reconstruction, from which, as is the daily boast of their leaders, they are to secure reinforcements, both in legislative and in the Presidential election, sufficient to counterbalance the losses which they will incur in the North.—*Nat. Intel.*

THE IMPEACHMENT COMMITTEE.—Forney announces, as if by authority, that the impeachment Committee is divided as follows: Five against and four for impeachment; three of the five are Radicals, and two are Democrats; while all four of the impeachers are Radicals. The House will thus be compelled to choose between a majority report against impeachment and a minority report in favor of it. The charges include one of misappropriation of public funds, and one of using his official influence to enhance the value of Railroad stocks, in which the President is interested. The fight, Forney admits, will probably result in the defeat of the impeachment movement. Very likely, we should think, in view of the recent elections.

LADIES' CLOAKS,
BREAKFAST SHAWLS,
SQUARE AND LONG SHAWLS,
which will be sold at prices to suit my customers.

Boots and Shoes, Boots and Shoes.

The largest and best stock I ever brought to the City, consisting, in part, of J. Miles & Sons' make and others of equally high standing.
Ladies' Pegged Balmorals, from $1 to $2.
Ladies Sewed Balmorals, from $1.50 to $3.50.
CREECH'S is the place to come to buy your Boots and Shoes.

Hats, Hats, Hats,

From 75 cts. to $4.00. Don't stop until you come to CREECH'S to buy your Hats. In fact, I think I can meet the expectations of all my customers and the public generally, both as to price and quality of ALL Goods.

Now a few words to my customers and friends: You see a great many different styles of advertisements. Some say they are in "luck again;" some say they have "hit the nail on the head;" some "selling out at cost;" some to "make room for a new stock;" some one thing, and some another. But allow me to say, whether I am in luck, or whether I hit the nail on the head, or whether I missed the nail entirely, or failed to advertise "selling out at cost," *I have sold out my old stock*, (while they are still hammering away over their old stock,) and have been North and bought a new stock. My goods are now in Store, and opened for inspection.

COME AND LOOK AT THEM.

I told my customers, six months ago, that I would sell goods as cheap as Yankee, Jew or Gentile, and I think I have made my word good. I said the people to come to Creech's for their goods, that I would serve them right. How deeds have come, and they are still coming from this and adjoining Counties. And I here take the privilege to say, I think they have shown their good judgment.

Don't forget to come to

CONSERVATIVE TICKET FOR THE CONVENTION IN WAKE.

HON. DANIEL G. FOWLE,
REV. BENNET T. BLAKE,
PRIESTLY H. MANGUM, Esq.
Dr. JNO. A. McLEAN.

"UNTO THE BREACH!"

We are gratified to see that, in most of the Counties of the State, Conservative candidates have been brought into the field, and that our people are manifesting a proper degree of energy and activity in their support. There is still more inertness and indifference, in many quarters, than we should like to see, but it is too late, perhaps, to correct the evil. Wherever our voice can reach, however, we implore our friends, by every consideration dear to the heart and vital to the interests of men, to employ the brief remaining time before the election in the most earnest and unremitting efforts. Their comparative supineness, however much to be regretted, can hardly be wondered at. The example set them in the other Southern States, in which elections have been held, the feeling of lethargy and hopelessness engendered by the remorseless policy of the Congress, and the gradual education to oppression,—all these things have had a tendency to crush their spirit and benumb their energies. Still, notwithstanding all this, the Conservative men of North Carolina, we firmly trust and believe, are sufficiently aroused to a sense of the perils which environ them, to make sure the defeat of Radicalism, at the polls, on Tuesday and Wednesday next. One thing is certain: If the Black-Radical party is successful, it will not be the result of their intrinsic strength, but the fault,—the criminal fault,—of the white Conservative people of the State, who have the power in their hands, if they will but choose to exercise it!

Our last words of warning, of entreaty and exhortation can yet be read by the Conservative people in many sections of the State. We say to them, that never in the history of North Carolina have they been called upon to discharge so important and solemn a duty as that which now devolves upon them. Our sister States of the South have passed, for a time, at least, under the curse of negro and Radical dominion.—However temporary may be the hideous rule beneath which they have fallen, it will still inflict injuries and evils, from the effects which there can be no recovery for a generation. Warned by the unwise [illegible] of our brethren elsewhere, we can save North Carolina. We have a white majority of 32,000 in the State. Leaving out the black-white element, we have still a majority of at least 20,000. This is even an extravagant estimate. We cannot believe that that there are as many as 12,000 *white men*, in North Carolina, who are so lost to all the instincts of blood and decency, as to be willing to co-operate with a set of schemers, whose deliberate purpose it is to place the white race beneath the heel of negro domination, and to oppress and degrade the great mass of their fellow citizens and neighbors. A Convention will be called, in our opinion. We must, therefore, strain every effort to control it. We believe that we shall succeed. But if, from inactivity or listlessness, we fail, we must at once organize and strain every nerve to defeat the Constitution which may be imposed upon us by the black Radicals, if that Constitution should be, as it doubtless would, what we have too much reason to apprehend.

Gird on your armor, Conservative white men! Do not let a vote be lost! Work as you have never worked before,—*and all will be well!*

HOW DOES IT STRIKE YOU?—Seeing that the people of the Northern States, from Connecticut to Kansas, repudiate negro suffrage, how, asks the Boston *Post*, does it strike fair minds for a Congress, in which the North alone is represented, to force negro suffrage and negro supremacy upon the ten Southern States which are refused representation?

AMEN.—Greeley not only thanks God for the late Radical defeat, but he takes time by the forelock and extends his thanks for the defeat of his party in the next Presidential election.

For about the first time in our lives we join hands with Greeley, and beg to add to his pious thanksgiving our fervent *amen*.

THE BLACK RADICAL managers hereabouts have so poor an opinion of the negro, whom they are attempting to use for their own selfish purposes, that they think, where cajolery or intimidation cannot secure his vote, that a bribe can. Look out for the "Republican Executive Committee" greenbacks! Will they *dare* to approach any white man with a bribe?

IT IS NOW stated that, under the peculiar and exigent circumstances of the case, Mr. J. P. Andrews *will* be induced to vote for Jim Harris. When he said, some weeks back, that, under no circumstances, would he vote for a negro, he was only talking in a "Pickwickian" sense.

GEN. MAHONE, of Norfolk, has been elected President of the line of Rail Road, called the Virginia and Tennessee Rail Road.

GOV. VANCE will address the people of Rowan, on Monday.

SEE THAT every precinct is fully supplied with tickets. This is important. Be sure that the Christian and surname of each candidate is printed or written in full.

THE CANVASS IN WAKE.

Seldom, if ever, has any political campaign been conducted, in this county, with greater ability than Judge Fowle has displayed on the hustings. His speeches, everywhere, have been received with profound satisfaction by our white county men, and have not been without a decided impression upon those of the blacks who are intelligent enough to understand anything. His denunciation of the designs and character of Radicalism,—its aggressions upon the Constitution and its hostility to the spirit of Republican liberty,—have been bold and eloquent. Numbers of our white fellow-citizens, who have been deluded into the Leagues, have shook the polluted dust from their feet, and will support the Conservative ticket. At Jacob Sorrell's, on Thursday, we learn that Judge Fowle made "the fur fly" particularly; and more than one of those from this city, who went a-shearing, came back *shorn*, decidedly.

Mr. Blake, also, has made as vigorous a canvass as the condition of his health would permit, and he deserves the thanks of the true people of the County. The other gentlemen on the ticket have been prevented, unavoidably, from being present at all the gatherings.

ALABAMA CONVENTION—BEAUTIES OF RADICALISM.—In the Alabama Convention, on Monday, Caraway, negro delegate from Mobile, submitted a motion that the Sergeant-at-arms (negro) be requested to provide accommodation for the "colored ladies" in the galleries and lobbies. On being asked to reduce his motion to writing, he sent up to the Clerk's desk the following effort:

Resolved that the sergeant at arms be instructed to appropiate a potion of the Galery and Loby for the Ladys.

On the same day, one "Mr. Garrison" offered the following resolution, which was referred:

Resolved, That the Committee on Finance be requested to report that no citizen of the State of Alabama shall hereafter pay poll tax, and that the revenue of the State shall be raised off the property of the State, according to value.

This, if adopted, as it probably will be, will have the effect of relieving the negroes of the State from the only taxation to which they are now subject, for the support of a government, under which they enjoy almost unrestricted power, and in the administration of which, in spite of their ignorance and incapacity, they are permitted to take the most prominent part.

On Thursday, as we learn by telegraph, a resolution was offered, and referred, requiring the former owners of slaves to pay to freedmen the full value of their services from the date of President Lincoln's Emancipation Proclamation (say Jan. 1, 1863) to May 20, 1865. This is an indirect attempt at confiscation.

So we go. "The negro,"—"the negro,"—is everything with the Radical party. Suffering and laboring white men, women and children do not weigh a feather in the balance against the great African idea!

White voters of North Carolina! Will you not use every effort, of which you are capable, to save yourselves from such terrible evils? You can only do it, by preventing the approaching Convention from falling under the control of Radicalism. To the polls, then! *Let nothing keep you away!*

DAVIDSON.—This County is entitled to but two Delegates to the Convention, but we regret to learn that there are three Conservative candidates in the field. The *Old North State* says:

"Thomas P. Allen, DeWitt C. Johnson, and S. S. Jones, Esqrs., have announced themselves as candidates. They are all good men, of moderate and conservative views, and we could very cheerfully support either of them. But it is exceedingly unfortunate that they are all in the field at one time. With a ticket composed of Mr. Allen and either of the others, the radical ticket could easily be beaten in Davidson. We hope that an accommodation may yet be effected, so that only two moderate men will run. If an accommodation cannot be effected—if Mr. Jones or Mr. Johnson one cannot be induced to withdraw, then we hope the Conservative men of the County will unite upon Mr. Allen—who has been longest in the field—and which ever of the others they may regard as the strongest man. Such a course may yet insure success."

CONSERVATIVE CANDIDATES.—Dr. W. M. B. Brown and Lewis Hilliard, Esq., are the Conservative candidates in Pitt. We sincerely trust that they may be successful against Rich and Lafflin, the two Yankee Radicals who have been put forward in that County.

James W. Davis, Esq., is the Conservative candidate in Wilson.

Hatchwell Freeman, Esq., has announced himself in Granville, in opposition to the Black Radical ticket.

REMEMBER that neither Mr. B. S. D. Williams, nor any one else, who has the shadow of authority to speak for him, have attempted to deny that he is an avowed disbeliever in the Divine Revelation.

SPARE one day, and two days, if necessary, from your farms or your business, *for the sake of North Carolina*. Any failure, now, to do your whole duty, may be a source of a bitter regret to you hereafter.

THE VIRGINIA Conference of the M. E. Church, South, opened its session in Petersburg, on Wednesday last, Bishop Doggett presiding.

The proposition of Gen. Pope to the Alabama Convention to set aside the existing State government and institute a provision al one makes a strange oversight. The reconstruction acts confer no sovereign powers upon the Convention. It has no authority to set aside the present State government. Its functions are ministerial rather than sovereign. It has to frame a Constitution which must be accepted by Congress, and under which a State government is to be created, but it has no power to forestall that work, even provisionally.

Referring to old Ben. Wade's declaration that he won't back out from negro suffrage, the New York *Times* says he seems to be very much like the passenger at sea who in a storm tied himself for safety to the anchor.

J. C. Deans, superannuated.

The question of Union was again under consideration, whereupon brother Wm. H. Wells was instructed to meet (as Commissioner,) the various other Commissioners, in May next, at Macon Ga.

I feel that we are drifting to a consummation —a Union of the Churches. All reflecting minds must come to the conclusion that a Union is desirable upon some terms.

You are aware that we assembled at Union Chapel, in the vicinity of Kittrell's.—We had the pleasure of enjoying the hospitalities of Dr Blacknall, who is in charge of the Hotel. His arrangements are such as to fully meet the wants of his guests. He and his lady are all one could desire.

The next annual Conference will meet at Mount Pleasant, Greensboro' Circuit, embracing the 1st. Sabbath in December, 1868.

JAMES.

HD'QRS SECOND MILITARY DIST., CHARLESTON, S. C., Nov. 9, 1867.

His Excellency, JONATHAN WORTH,
Governor of North Carolina:

SIR:—I have the honor to acknowledge the receipt of your communication of the 1st. inst., and to state that copies of all orders that affect the duties of civil officers are distributed in sufficient numbers to supply all; but as it may avoid delay in sending them direct, your suggestion will be followed in future.

General Orders No. 89 stands in its original form, except that in order to avoid delays in the administration of justice, as stated by you orally, and in your communication of the 19th. ult., it was directed by General Orders No. 109:

First.—That juries drawn and summoned under the provisions of General Orders No. 32, should be empannelled for the trial of jury causes set for trial at the next (present) ensuing term of the county and Circuit Courts of your State.

Second.—That in drawing juries at the Fall (present) term of the County Courts for the next term of the County and Circuit Courts, they should be drawn under the provisions of General Orders No 89, and in the manner prescribed by the laws of the State, from the lists of *citizens who have paid taxes for the current year.*

The right of challenge under General Orders No. 89, by reason of non-registration, to be effective in both cases.

The third provision, you will recollect, was suggested by Gov. Orr, and was intended to prevent any possible misconstruction in cases where juries had already been empanneled under the provisions of General Orders No. 89.

The text and intent of these orders is to make every citizen who has paid taxes of any kind, and is morally and intellectually qualified to perform jury duty, liable to the performance of that duty. They do not interfere with the right of your courts to purge the jury lists of persons who are morally or intellectually disqualified, and the phrase "personally fitted," used in my communication to you of the 11th. ultimo, was intended to convey the idea that this "purgation" should be graded by the intellectual and moral fitness of the persons on the jury lists, and not by their complexion or their poverty. I supposed, from your letter of the 19th. ultimo, that you so understood the order. If any of the courts have failed to draw juries in accordance with those provisions, a special term will be necessary.

To guard against any further delays, I will send a copy of this letter to the chairman of each of the county courts, and to the judges of the circuit courts.

Very respectfully, Sir,
Your obedient servant,
(Signed) ED. R. S CANBY,
Bv't Maj. Gen., Com'g.

CLEANING THEM OUT.—We learn that *two hundred and thirty four* farms in Bedford county will be sold in a short time, by the United States Internal Revenue officers, for arrears of taxes. This looks like making clean work of it.—*Lynchburg News.*

THE NEW YORK ELECTION.—The *Tribune* states that the Democratic majority in New York will be 48,000. The Albany *Evening Journal* (Republican) estimates it at 49,024. The Buffalo *Courier* (Democratic) estimates it at 47,339.

OH DIT.—Senator Morgan intends to take a Conservative stand in the Senate with a view of being placed with Grant on the Conservative Republican ticket for Vice President. This is asserted by prominent men who ought to KNOW.

From the Albany (Georgia) News.

THE TYRANNY OF THE LOYAL LEAGUERS.

On this continent no political conclave was ever instituted more villainous in purpose or more despotic in discipline, than the Loyal Leagues. Its members are not only sworn to support the measures of the party at all hazards and under all circumstances, but its rules and by laws absolutely close the doors of egress on those who are induced to enter the inner temple. Events are daily opening the eyes of the better class of freedmen, and hundreds of them are anxious to withdraw from the infamous institution; but they are told by the head devils that they cannot withdraw from the League without subjecting themselves to some great punishment, and threats of personal violence are held *in terrorem* over their heads as a means of deterring them from withdrawal. In the late election this diabolical tyranny was exercised for the purpose of forcing unwilling freedmen to the polls, and the promise of land and mules was held out as an inducement, the sword of vengeance was suspended over all who refused to vote. These are facts, and the vile conspirators and dark-lantern Jacobins dare not gainsay them. There are numbers of negroes in this county who were thus dragged to the polls and compelled to vote. Since then some of them have made efforts to withdraw, and are now deterred by intimidation and threats. The poor creatures have been so foully duped and so cruelly misled, that it is not at all strange that they should hesitate and stand in doubt as to the propriety of retreating.—Informed by the officers of the League that they cannot and shall not resign their memberships, and that their lives will be in danger if they renounce the monstrous oaths they have taken, it is natural enough they should feel some apprehension, and conclude that it is safer to go forward than backward. One of these a few days ago sent his written resignation to the League, and in addition to being told that he could not resign, he received the following communication, which is written in a plain business hand, and bears the ear-marks of a white-faced but black hearted Leaguer:

ALBANY, Nov. 5, 1867.

Henry Thomas: Yours of the 4th. is received. In order to comply with your request, I would say that it will be necessary for you to apply in person, when your request will be taken into consideration by the League.

Respectfully,
PHILIP JOINER, President.

P. S.—The league will be in session to morrow evening. PHILIP.

Henry Thomas did not attend the session of the league, but, determining to dissolve his connection with the institution, makes the following announcement, in which John Brown joins:

TO ALL WHOM IT MAY CONCERN.—The undersigned having been induced to join the Loyal League, through false representations that it was for the benefit of the colored race, and being now convinced that such an institution is not only injurious to us, but is pernicious in its influence to the whole country, we hereby thus publicly proclaim that we are no longer members of said Loyal League.

HENRY THOMAS,
JOHN BROWN.

Albany, Ga., Nov. 7, 1867.

This is the easiest and surest mode of escaping the meshes of the League, and these freedmen have set a noble example, which may be followed by any one of the league with perfect safety; and we now call upon all who wish to get clear of the institution, and who, like Henry, are not permitted to resign, to come out with public [illegible] open to them. Let Philip learn that you are free, as free as Cæsar, and that in politics, at least, you will exercise that freedom of thought and action which alone makes the ballot valuable. Cease to be the slaves of petty tyrants, and bow down no longer to the behests and pernicious teachings of such creatures as Murphy and Philip.—Don't be afraid—you are not in the slightest danger. Philip, with all his power, is impotent to deprive one of you of the liberty of conscience; and if he attempts it, by word or act, you can institute legal proceedings and make him suffer for it. Neither he, nor any other mortal man, has the right to control your action in the premises, and to claim it is not only an insult to your intelligence, but an outrage upon your constitutional rights. Yield this prerogative over your political privileges, and you at once subject yourselves to a species of slavery and despotism far more galling and debasing than the world ever saw.

PETITION CONGRESS FOR RELIEF.

The *National Intelligencer* calls upon the Southern people to petition Congress for relief from the reconstruction measures:

"The people have distinctly protested at the ballot boxes of the North against the excesses and oppressions which abound in the legislation of the past year touching the South. Everybody knows it, and most of the Radical press are ashamed to deny, and bluntly admit it. Then, may not the people of the South lift up their manacled arms and show their chains? May they not ask the repeal of the anomalous, tyrannical, and revolutionary programme of reconstruction? They would be addressing themselves to representatives who are to be re-elected next year, and who dare not turn a deaf ear to petitioners, for whom their constituents have so clearly manifested sympathy and remorse. Let the case be made on the floors of Congress. Let no scrap book tattlings deform again the consultations of a National Legislature; but let the solemn appeal be made as becomes a noble people, and let it be heard as befits a high deliberative body, *and let its prayers be granted, as commanded by the magnanimous masses of the North at the recent elections.*"

This idea had occurred to some of our most thoughtful men, and we are pleased to see attention called to it from such a paper. If we do not petition for relief, Congress will assume that we do not want it.—*Rich. Dispatch.*

THE HURRICANE AT ST. THOMAS.—Correspondence from St. Thomas, dated November 1, gives further particulars of the late terrible hurricane in that neighborhood. It lasted only four hours, but in that time over five hundred persons were drowned. The steamer Camaguey lost seventeen, the Wye fifty-three, and the Rhone one hundred and thirty of those on board. The fury of the tempest was such that houses were lifted one thousand feet into the air, and men were lifted bodily from their places of safety on shore and carried out to sea. Every dwelling in the town and every vessel in the harbor received some damage. The loss is estimated at over $8,000,000. The inhabitants are in terrible destitution.

TENNESSEE POLITICS.—*Nashville*, Nov. 11.—A movement has been developed in Tennessee for the re-organization of the Democratic party. Lieutenant Governor Henry S. Foote to day issued a call to many of the old members of the party to meet at Nashville.

Governor Brownlow, it is understood, will soon publish a letter denying the right of the United States Government to seize the Tennessee Railroads for satisfaction of its claims.

DR. J. J. LAWRENCE—*Dear Sir*—Please send me immediately per Express to Tarboro, two dozen more bottles of your Rosadalis. I have carefully examed its Formula, and have used it in my practice in a number of cases. I am well pleased with it. I think it, beyond doubt, the best Alterative I ever used. I have tried it in several cases of Scrofula and Scrofulous Affections, &c., with much satisfaction to myself and patients. I have also used it in Secondary and Teritary Syphilis, [one a terrible case of eight years' standing,] in which it acted with surprising and satisfactory effect—making a quick and thorough cure. I have, therefore, no hesitation in recommending it to Physicians and others, as the most reliable Alterative now known.

WILMINGTON & WELDON R. R.—The 32nd. Annual Meeting of the Stockholders of this Road was held in Wilmington, on Wednesday. Hon. W. H. Battle presided.

An amendment of the charter of the Company, passed at the last session of the General Assembly, with regard to the construction of branches of the main line of railroad, was submitted by Col. S. L. Fremont, and accepted.

It was resolved that in view of the valuable services rendered by the President of the road, Hon. R. R. Bridgers, his salary be increased $500 per annum, as long as he shall remain President of the road.

On motion, it was resolved, that the Directors of the Road be empowered to employ teachers for the instruction of the apprentices of the road.

An election for officers for the ensuing year was intered into, when Hon. R. R. Bridgers, present incumbent, was unanimously re-elected. The old Board of Directors, viz: Messrs. S. D. Wallace, Eli Murray, Wm. A Wright, A. H. VanBokkelen, Alfred Martin, John Everett and George Harriss, was also re-elected.

The meeting adjourned to meet again on the Wednesday after the second Monday in November next.

PINE APPLES.—The Wilmington *Post*, alluding to the fine apples grown in our Western Counties, says they are equal to any raised North, and yet, owing to the bad policy, heretofore, of high tariffs on our State products by our Railroads, the people of Eastern North Carolina pay out some $50,000 annually for Northern apples.

This complaint is a serious one. The North Carolina Railroad promises to remedy it and we hope to see the matter soon set right. Finer fruit of any kind is not produced anywhere than in this State. Our apples and peaches are perhaps unapproachable. Our Western Counties also produce the finest vegetables. Cabbages, Onions, Irish potatoes, &c., are no where better grown, and yet from $50,000 to $100,000 are sent North for these articles, because of the heavy freights charged on our Roads. When will we do better?

For the Sentinel.

MR. WILLIAMS AS A DEIST.

MESSRS. EDITORS:—I am a neighbor, and a friend of Reuben S. D. Williams. As such, I can say (without wishing to do him harm) that I have repeatedly heard him, in a public manner, declare himself to be a Deist. Mr. Williams will not deny it either. He is an honest man, and of course not a Holden radical—as will be proved, if he is elected to the Convention.

TRUTH.

Raleigh, N. C. Nov. 15th. 1867.

From the Missouri Democrat.

The following letter will show the manner in which policies in the Connecticut Mutual Life Insurance Company are settled. Hon. Wm. C. McDowell, of Leavenworth, Kansas, took out a policy in the above named company last December for $10,000, and it will be seen from Mr. Breck's letter that at the settlement the policy and dividends amounted to $10,155.

It will be seen that notes are not deducted from policies at death in the staunch old company. We deem further comment unnecessary:

EXCHANGE BANK OF ST. LOUIS, }
ST. LOUIS, Nov. 4, 1867. }

Messrs. Sherman & Hodges, General Agents Connecticut Mutual Life Insurance Company:

GENTLEMEN: It gives me great pleasure to acknowledge the receipt of ten thousand one hundred and fifty five dollars, ($10,155,) this being payment in full of the policy and dividends credited thereto on the life of Hon. Wm. C. McDowell, of Leavenworth, Kansas, whose sudden death in this city, by falling from the coach of the Southern Hotel, is still fresh in the minds of his friends.

Inasmuch as Mr. McDowell paid his premium by half cash and half note, I certainly expected that the amount of one note would be deducted from the policy, but contrary to the custom of most companies, this note was *not* deducted, but the full amount of the policy was paid, less ($7.90) seven dollars and ninety cents interest, and the note returned. I certainly think that the liberality and promptness in setting claims deserves special mention, and should recommend the Connecticut Mutual to all who desire insurance. Respectfully yours, E. C. BRECK.

SERENADE TO THE PRESIDENT—HIS SPEECH.

WASHINGTON, November 13, P. M.—About five thousand persons assembled in honor of the serenade to night tendered President Johnson by the Conservative Army and Navy Union. There were three bands of music, and three different processions, in one of which a huge broom was carried. Colonel J. R. O'Beirne addressed the President briefly, to which the President replied, in effect, that he was rejoiced, but not astonished, at the result of the recent elections. He still hoped that the rod of despotism would be broken, the armed heel of power lifted from the neck of the people, and the principles of a violated Constitution be preserved.

The remedy for the present unhappy condition of the country must come from the people themselves. They know the remedy, and how it is to be applied. At the present time they cannot, according to the forms of the Constitution, repeal obnoxious laws. They cannot remove or control this military despotism. The remedy is nevertheless in their hands, and is a sure one if not controlled by fraud, overshadowed by arbitrary power, or from apathy on their part too long delayed.

HON. MR. WILSON OF IOWA.—It was whispered in Radical circles, soon after the adjournment of the last session of Congress, that efforts would be made by the extremists to undermine the influence of Mr. Wilson in his district, so as to defeat his election at the next canvass, as a punishment for his conspicuous Conservative course in respect to impeachment. In looking over the official returns of the recent elections we discover the remarkable fact, that of the districts represented by Republicans on the Judiciary Committee, Mr. Wilson's is the only one in which the Republicans have held their own. In Boutwell's district the Democratic gains have been enormous; in that of Thomas, of Maryland, every county has recorded his condemnation; in that of Lawrence, the Democrats and Conservatives recently polled a majority of voters, and large Democratic gains have been secured in the district represented by Mr. Williams, of Pennsylvania. Besides, Ashley, himself, if he had been before the people at the recent elections in Ohio, would clearly have been defeated! Thus the foremost among the impeachers of the President have themselves been impeached by their own constituents.—*Nat. Intel.*

GRANT GIVES WADE AS GOOD AS HE SENT.—The other day, during a lull in a session of the Cabinet, the Postmaster-General twitted General Grant with Ben. Wade's complaint of his reticence—that he could get him to talk of nothing but horses. The General replied to Randall that he usually talked of matters that he understood, adding: "And I know more about horses than Wade does about politics, for he has shown himself in that way to be the d—dest fool in America."—*Balt. Gazette.*

SIGNIFICANT APPOINTMENT.—Says the Baltimore *Gazette's* Washington letter:

"The signs indicate that Gen. Thomas Ewing will finally be nominated to the Senate for the Secretaryship of War."

"The President, I learn, remains firm in his determination to regard his power as ample to remove Stanton, and under no circumstances will he be permitted to resume the position from which he has been ejected."

ADDITIONAL CONGRESSMAN FROM TENNESSEE.—A resolution was offered in the House yesterday, asking the Governor to issue a proclamation for the election of a ninth Representative in Congress, for the State at large, by virtue of the enfranchisement of 40,000 colored voters. If the resolution pass both Houses, the Governor will issue a proclamation forthwith, and the election will take place about the middle of December.—*Nashville Press and Times, Nov. 7.*

GEN. SHERMAN.—A week ago we argued that Sherman would be a suitable man for the Democrats to run for President against Gen. Grant. Yesterday's *National Intelligencer* come out in a long leader setting forth Sherman's opinions as indicated by his acts and his letters. It proves satisfactorily that he entirely agrees with Mr. Johnson as to the Southern States, and leaves the inference to be drawn that he is hostile to the reconstruction measures of Congress.—*Rich. Dispatch.*

The *National Intelligencer* says that the session of Congress from November 21st. to the first Monday in December, will be devoted to impeachment; and if the House refuse to impeach the President, a resolution of censure will be offered as an alternative measure. If they can't whip Mr. Johnson, they can make mouths at him.

Kelley, of Pennsylvania, is out in a letter in which he says that General Grant will not carry a single State unless the platform he stands upon will recognize manhood suffrage, and that all of Grant's acts prove that he favors that doctrine.

LOSSES BY THE FALL IN COTTON.—The rise and fall of cotton affects nearly equally all parts of the civilized world. In Normandy one manufacturer has lost three million francs by the fall in this staple.

GEN. MCCLELLAN.—This officer, who is now on his return home, after a long absence in Europe, is to have a public reception on his arrival at New York by the City Councils.

The radicals of Tennessee talk of building a mausion for Brownlow. His father, the Devil, has one already for him—well protected against the cold.—*Prentice.*

MISSISSIPPI ELECTIONS.

NEW ORLEANS, Nov. 15, P. M.

The *Republican* says that returns from a little more than half of the State of Mississippi show that 9,000 more than a majority of the persons registered have voted on the Convention question. It says the remaining Counties will increase the majority, as in some of the Counties the opponents of a Convention voted. In the part of the State heard from, the whites, generally, stayed away from the polls.

Only one Conservative delegate is known to be elected. Among those who took the stump in favor of a Convention, were Hon A. G. Brown, ex-U. S. Senator, and Gen. Alcorn Senator elect. The Vicksburg *Republican* advocates the disfranchisement of those who did not vote.

MISCELLANEOUS.

Large Grape Farm For Sale.

THIS FARM IS SITUATED IN HALIFAX County, North Carolina, in a very healthy and pleasant neighborhood. It contains over

500 ACRES OF LAND,

of which 300 are in cultivation. The soil is well adapted to the growing of Corn, Cotton, Wheat, Grass and all the cereals. It contains

3,000 VINES NOW BEARING GRAPES.

These Vines are mostly of the Scuppernong variety, and for 8 years there has not been a failure in this variety to produce its crop. It is the most healthy, the most vigorous and the most productive of any vine yet discovered. 1,000 gallons of Wine may be made from ONE ACRE OF VINES. The wine is said to equal any Madeira, and a Champagne Wine may be made from it. One single Vine has been known to produce TWO HUNDRED GALLONS of Wine AT ONE CROP. For eating, the Scuppernong Grape is far ahead of all others. The crop for 1868 from this Vineyard may be safely estimated at from 5,000 to 7,000 gallons. It contains, also, over

1,000 APPLE TREES,

of choice varieties, the earliest and latest; and also, a fine variety of

PEACHES, FIGS, PEARS AND CHERRIES.

This Farm has all the necessary Buildings, and is situated in a portion of North Carolina which is FREE FROM CHILLS, and where the water is delightful, and the climate pleasant. The cold is never severe enough to injure vines, however delicate, and there is no need of protection from it at any time.

The above is a fine opening for a profitable investment. Apply to GARRETT & CO.,

NONA, SEVEN YEARS OLD.

BY ALICE CARY.

Breaking out of her homespun gown,
Just like a wild-flower out of its bur
Legs bare to the knees, and the shoulders down
To the waist, I marvelled and mused at her.

Her hands had been kissed and kissed by the sun
Brown as berries; she held her hair
Away from her dove-like eyes with one,
And stared at me, straight as eyes could stare.

One moment—then, being well content,
She dropt the tresses, that over the white,
Clear brow and sweet eyes came and went
Like shadows blowing across the light.

"A picture, such as the painter loves,"
I said, and passed, but she would not stay;
Those sweet eyes staring, round as a dove's,
Held me and haunted me all the day.

One flash on the other, bare and brown—
The shining fall of her dead-leaf hair—
Legs and shoulders out of her gown—
She held me and haunted me, everywhere.

A THREE HOURS' COMBAT WITH AN ELEPHANT.

From the Cincinnati Commercial, Nov. 8.

Mr. Hyatt Frost, of Van Amburgh's Menagerie, gave us yesterday the particulars of a terrible fight with Tippoo Sahib, the well-known elephant, which occurred at Connersville, Indiana, last Tuesday. The menagerie has gone into winter quarters at that place, and the animal is chained in a small building. Tippoo Sahib is now the largest elephant in America. He is 35 years old, and weighs 10,000 pounds. The battle resulted from a change of his keepers.—Frank Nash, his keeper for ten years, was recently supplanted by Charles Johnson, formerly of Barnum's menagerie. The elephant was in particular bad humor with all mankind. He would allow nobody in his quarters, striking at every intruder with his trunk and tusks most viciously. On Tuesday morning last, at 10 o'clock, the combat opened. The new keeper, with nine assistants, had fully equipped himself with chains and cables for tying, and spears and pitchforks for subduing Tippoo. The first thing done was to fasten a brickbat to the end of a rope, and throw it over the end of the tusk chain, which latter is fastened to one leg and one tusk. By means of this rope, a twenty-ton cable chain, (formerly used to subdue the famous Hannibal,) was slip-noosed around the tusk. Next, an excavation three feet deep was made under the sill of the house, and while the elephant's attention was attracted to the other side of the room by a pail of water poured into his trough, the cable chain was passed through the excavation and fastened to heavy stakes outside. All this time the infuriated monster struck all around him with terrible ferocity, and tugged at his chain with incredible momentum. The next thing accomplished was the snaring of his hind legs. This was consummated by the slinging of fresh ropes around these two stately pillars of elephant flesh, bone and muscle, and, finally, by the stealthy strategy of the keeper and another man, these ropes were fastened to stumps out side. The elephant was now sufficiently pinioned to allow the order "charge pitchforks" to be given. Ten men, armed with these ugly implements of offence, plunged them into the rampaging beast, taking care, of course, to avoid penetrating his eyes or joints. The tenderest spot in an elephant is just behind the forelegs, and that locality was prodded unmercifully. By means of a hooked spear sunk in his back Tippoo was brought to his knees, but he surged up again with such awful strength that he swept his tormentors off their feet, and made his chains whistle like fiddle strings. After an hour's fighting, he was brought down on his side, but for two hours longer he tugged at his chains with frenzied obstinacy. He pulled so hard at times that his hind legs were straight out behind him, and three feet off the ground. At the end of the three hours the giant gave in by trumpeting, which is the elephant way of crying enough. The moment this peculiar cry was heard the battle ceased. The keeper made Tippoo get up and lie down a number of times, and he was as obedient to the word of command as a gentle pony. The animal was then groomed and rubbed off with whiskey. He allowed all manners of liberties without so much as flapping an ear. He was a subjugated elephant. At one stage of the fight the dog Jack (a companion of the elephant) thought some of the tying business foul play. He flew upon Johnson's back and tried to sink his fangs into his neck, but was pulled off and dragged out of the room. Jack evidently sympathized with his big friend.

General Orders No. 101.

By the terms of the Act of Congress entitled "An Act to provide for the more efficient government of the rebel States," passed March 2d, 1867, and of the Acts of March 23d, and July 19th, 1867, supplementary thereto, it is made the duty of the Commanding General of this Military District to cause a registration to be made of the male inhabitants of the State of North Carolina, of the age of twenty-one years and upwards and qualified by the terms of said Acts to vote, and after such registration is complete, to order an election to be held at which the registered voters of said State shall vote for or against a Convention, for the purpose of establishing a Constitution and civil government for the said State, loyal to the Union, and for delegates to said Convention—and to give at least thirty days' notice of the time and place at which said election shall be held; and the said registration having been completed in the State of North Carolina, It is ordered:

First, That an election be held in the State of North Carolina, commencing on Tuesday, the 19th day of November, 1867, and ending on Wednesday, the 20th day of November, 1867, at which all registered voters of said State may vote "For a Convention," or "Against a Convention," and for delegates to constitute the Convention—in case a majority of the votes given on that question shall be for a Convention, and in case a majority of the registered voters shall have voted on the question of holding such Convention.

Second. It shall be the duty of the Boards of Registration in North Carolina, commencing fourteen days prior to the election herein ordered, and giving reasonable public notice of the time and place thereof, to revise for a period of five days the registration lists, and upon being satisfied that any person not entitled thereto has been registered, to strike the name of such person from the list; and such person shall not be entitled to vote. The Boards of Registration shall also, during the same period, add to such registers the names of all persons who at that time possess the qualifications required by said Acts who have not already been registered.

Third. In deciding who are to be stricken from or added to the registration lists, the Boards will be guided by the law of March 23, 1867, and the laws supplementary thereto, and their attention is specially directed to the Supplementary Act of July 19th, 1867.

Fourth. The said election will be held in each County or District at such places as may hereafter be designated, under the superintendence of the Boards of Registration as provided by law, and in accordance with instructions hereafter to be given to said Boards in conformity with the Acts of Congress and as far as may be with the laws of North Carolina.

Fifth. All Judges and Clerks employed in conducting said election shall, before commencing to hold the same, be sworn to the faithful performance of their duties, and shall also take and subscribe the oath of office prescribed by law for officers of the United States.

Sixth. The polls shall be opened at each voting places at eight o'clock in the forenoon, and closed at four in the afternoon, of each day, and shall be kept open during these hours without intermission or adjournment.

Seventh. No member of the Board of Registration, who is a candidate for election as a delegate in the Convention, shall serve as a Judge of the election in any County or District which he seeks to represent.

Eighth. The Sheriff and other peace officers of each County are required to be present during the whole time that the polls are kept open, and until the election is completed; and will be made responsible that there shall be no interference with Judges of elections, or other interruption of good order. If there should be more than one polling place in any County, the sheriff of the County is empowered to make such assignments of his deputies, and other peace officers, to the other polling places, as may, in his judgment, best subserve the purposes of quiet and order; and he is further required to report these arrangements in advance to the Commander of the Military Post in which his County is situated.

Ninth. Violence, or threats of violence, or of discharge from employment, or other oppressive means to prevent any person from registering, or exercising his right of voting, is positively prohibited, and any such attempts will be reported by the Registrars or Judges of elections to the Post Commander, and will cause the arrest and trial of the offenders by military authority.

Tenth. All bar rooms, saloons, and other places for the sale of liquors by retail, will be closed from 6 o'clock of the evening of the 18th of November, until 6 o'clock of the morning of the 21st of November, 1867, and during this time the sale of all intoxicating liquors at or near any polling place is prohibited. The police officers of cities and towns, and the Sheriffs and other peace officers of Counties, will be held responsible for the strict enforcement of this prohibition, and will promptly arrest and hold for trial all persons who may transgress it.

Eleventh. Military interference with elections "unless it shall be necessary to repel the armed enemies of the United States, or to keep the peace at the polls," is prohibited by the Act of Congress approved February 25th, 1865, and no soldiers will be allowed to appear at any polling place, unless as citizens of the State they are qualified and are registered as voters, and then only for the purpose of voting; but the Commanders of Posts will keep their troops well in hand on the days of election, and will be prepared to act promptly if the civil authorities are unable to preserve the peace.

Twelfth. The returns required by law to be made to the Commander of the District of the results of this election, will be rendered by the Boards of Registration of the several registration precincts through the Commanders of the Military Posts in which their precincts are situated, and in accordance with the detailed instructions hereafter to be given.

Thirteenth. The number of delegates to the Convention is determined by law and is the number of members of the most numerous branch of the Legislature for the year eighteen hundred and sixty, and this number, one hundred and twenty, is apportioned to the representative Districts of the State in the ratio of registered voters as follows:

RAILROADS.

ATLANTIC & N. C. RAILROAD AND NORTH CAROLINA GRAND TRUNK RAILROAD,

From Charlotte and all Points on the N. Carolina and its Connecting Railroads, to the Seaboard at Newbern and Morehead City.

THE STATE OWNS THREE-FOURTHS OF the North Carolina Railroad and three-fourths of the ATLANTIC & N. C. RAILROAD. This is the

STATE LINE,

To its OWN SEAPORTS and on its OWN ROADS. All other lines are in opposition.

A six per cent dividend on this line will save the people from taxation $295,000 per annum.

Under a resolution of the Stockholders of the N. C. Railroad, all Freights are to go *via* Goldsboro', unless otherwise specially directed by shippers.

When at Goldsboro', you are only sixty miles from the shipping ports, instead of one hundred and sixty *via* Weldon, and eighty *via* Wilmington. Our Steamers are equal to any other line, both for Freight and Travel. Time as short as by any other, and as cheap.

THIS is the Line

To ENCOURAGE. You get dispatch, safety, but one handling, and less Railroad transportation than by any other line.

Three-fourths of the PROFITS made on this line go directly into the STATE TREASURY, and if encouraged, you will soon be relieved from heavy taxation at least two hundred and ninety-five thousand dollars.

The Railroads composing the N. C. GRAND TRUNK RAILWAY LINE have recently agreed to unite in a

GREAT THROUGH LINE

Route to all the Northern Markets, on equal terms and charges, *via* our own ports to and from the North.

Cars run through to all points without breaking bulk.

For information about shipping, apply to Messrs,

WHEDBEE & DICKINSON, Baltimore.

THE OLD RALEIGH & GASTON RAIL ROAD, THE SHORTEST, QUICKEST, SAFEST AND BEST LINE, NORTH AND SOUTH, TO BE LEFT OUT IN THE COLD, UNLESS SHIPPERS SPECIALLY SAY VIA. R. & G. R. R!

WE inaugurated and are the *Great through Inland Air Line Route* to all the Northern Markets, and have successfully worked the Line to the entire satisfaction of Shippers, North and South, for the last ten years, as the ten *Thousand* Shippers in North and South Carolina will testify. We paid the State near Seven Hundred Thousand Dollars for her Interest in this Road—thereby saving the people from Taxation for all time to come $40,000 per year; and we unhesitatingly declare that we can and will give more dispatch to all points, North and South, than any other Line.

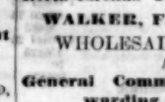
THE FIRE EXTINGUISHER.

This Portable, Self-Acting Fire Engine



IS OFFERED TO THE Public as a ready, certain and speedy means of preventing LARGE CONFLAGRATIONS.

Until the invention of the

Portable, Self-Acting Fire Engine,

Fires have been met by means too slow, too late and too cumbrous. But few persons in this country have the advantage of large hand or Steam Fire Engines, and those few often suffer a total loss of their property by reason of the great length of time consumed in sending for and getting them into working order.

BUT NOT SO WITH THE FIRE EXTINGUISHER,

which being kept charged and standing in your House, Store or Factory, is always

Ready for Instant Service.

The fire can be extinguished and your property saved without loss or damage, or even an alarm of Fire.

The first few minutes of conflagration decide the fate of the property; a little fire is quickly put out, which, being suffered, rivers cannot quench.

THE EXTINGUISHER, being very simple in its operation, and entirely self-propelling, requires no previous skill or practice to operate it, and being so light, portable and self-acting, is capable of being used in any place, by any person, male or female.

It puts out all fires, arising from whatever cause.

You are saved from the immense water damage caused by large Engines.

You can effect insurance on your property

At Lower Rates,

if protected by the Extinguisher.

The Extinguisher is no humbug, as thousands of good men in Europe and America will testify.

I have already put these little Engines into some of our best Factories and largest Schools in N. C.

No House, Store, Factory or Corporation is safe without them.

The price is as nothing, compared with the protection they afford.
